- English ★★★★★
- Finnish ★★★☆☆

My Hobbies & Personality :)

Creativity & humility drive everything I do. I'm friendly & altruistic by nature, and passionate about geography & history, often called a "human encyclopedia" by friends.

Driven by purpose & curiosity, I always reason & analyze to find answers.

I love utilizing my powers (which is actually my skills + personality) to make a difference 😊

ABOUT ME

A data-driven business analyst who doesn't just crunch numbers but uncovers stories hidden in data to create insightful reports that drive impactful decisions. Proactive, motivated, and full of sisu- I do what I love, and I love what I do.

EXPERIENCE

Analyst (Volunteer)

Vuolle Ystäväkeskus – Vuolle Setlementti, Oulu April 2025 - present

- Support general volunteer tasks, including event coordination and community engagement
- Exploring ways to apply business and data skills to help improve outreach and participation
